## Appendix A

(i) Amendments  
in marked-up form to Claim 11, and

(ii) Status of all other claims

-----

1. (previously presented) A fiber comprising (a) a segmented thermoplastic, elastomeric polymer selected from the group consisting of poly(ether ester), poly(ester ester), poly(ester amide), and poly(ether amide), and (b) an uncrosslinked thermoplastic, elastomeric propylene homopolymer characterized by a crystallinity of from about 10 to about 40% and an end of melting at about 160°C as determined by differential scanning calorimetry, wherein the thermoplastic, elastomeric propylene homopolymer is dispersed in a matrix of the segmented thermoplastic, elastomeric polymer.

2. (cancelled).

3. (previously presented) A fiber according to Claim 1 wherein the segmented thermoplastic, elastomeric polymer is poly(ether ester).

4. (previously presented) A fiber according to Claim 1 wherein the segmented thermoplastic, elastomeric polymer is poly(ester ester).

5. (previously presented) A fiber according to Claim 1 wherein the segmented thermoplastic, elastomeric polymer is poly(ester amide).

6. (previously presented) A fiber according to Claim 1 wherein the segmented thermoplastic, elastomeric polymer is poly(ether amide).

7. (cancelled).

8. (cancelled)

9. (cancelled).

10. (cancelled).

11. (currently amended) A fiber according to Claim 10 wherein the propylene homopolymer comprises crystalline segments of isotactic polypropylene and amorphous segments of atactic polypropylene.

12. (previously presented) A fiber according to Claim 1 which comprises the propylene polymer in an amount of from about 3% to about 80% by weight.

13 ~ 42. (canceled).

43. (previously presented) A yarn prepared from a fiber according to Claim 1.

44. (previously presented) A fabric prepared from a fiber according to Claim 1.

45. (previously presented) A garment prepared from a fiber according to Claim 1.

46. (previously presented) In an article for human hygiene, a stretchable band prepared from a fiber according to Claim 1.

47. (previously presented) A fiber according to Claim 1 further comprising a surfactant or compatibilizer.

48 ~ 49. (canceled).
